# EDITORIAL INDEX

Newest to oldest · Direct links to every verified publication

001 · 18 September 2026

## **Not Every Currency Collapse Is the Market Telling the Truth**

Exchange rates can expose weak fundamentals. They can also amplify fear, leverage and market dysfunction. The difficult question is when intervention protects a failed government policy

[READ THE FULL ARTICLE](#)

002 · 18 September 2026

## **Red States, Blue States — And the Unemployment Map America Should Actually Read**

The political pattern is visible. The economic explanation is much more complicated.

[READ THE FULL ARTICLE](#)

003 · 18 September 2026

## **The Fed Is Raising Rates Into Strength — This Is Not the Old Monetary Cycle**

Strong Growth and Persistent Inflation Are Keeping Rates Higher for Longer.

[READ THE FULL ARTICLE](#)

004 · 17 September 2026

## **The Real Inequality Ranking: Where the Economic Gap Hurts Most**

Income inequality tells only half the story. What matters is what salaries can buy, who actually pays taxes, who owns the wealth — and whether education still allows the next generation to move up.

[READ THE FULL ARTICLE](#)

005 · 17 September 2026

## **FOOTBALL IS NOT A SPREADSHEET**

Chelsea, American Billionaires and the Funds Turning European Clubs into Financial Assets

[READ THE FULL ARTICLE](#)

006 · 17 September 2026

## **Markets Are Rich. Are We?**

Why record stock indices tell us much less about economic prosperity than financial television, politicians and investors sometimes suggest

[READ THE FULL ARTICLE](#)

007 · 17 September 2026

## **IL CALCIO NON È UN FOGLIO EXCEL**

Chelsea, i miliardari americani e i fondi che hanno trasformato i club europei in asset finanziari

[READ THE FULL ARTICLE](#)

008 · 16 September 2026

## **Latin America's Real Economic Emergency Is Not Just Inflation. It Is Insecurity.**

GDP can grow, inflation can fall and fiscal accounts can improve. But without personal security, rule of law and credible institutions, prosperity remains fragile — and foreign capital knows it.

[READ THE FULL ARTICLE](#)

009 · 16 September 2026

## **Kimi Antonelli Is No Longer Just a Formula 1 Driver. He Is Becoming a Global Business**

From an Italian racing prodigy to a €50 million personal brand: Mercedes, image rights, San Marino, taxation and the economics behind Formula 1's new superstar

[READ THE FULL ARTICLE](#)

010 · 15 September 2026

## **The Liquidity Central Banks May No Longer Be Able to Withdraw**

Banks have become structurally dependent on abundant reserves. Quantitative tightening is revealing that “normal” monetary policy may no longer have a clear destination.

[READ THE FULL ARTICLE](#)

011 · 15 September 2026

## **The Paradox of Political Freedom: When the Most “Liberal” Become the Least Tolerant**

Everyone defends freedom — until someone uses it to disagree with them

[READ THE FULL ARTICLE](#)

012 · 15 September 2026

## **Europe Is Financing the AI Power That Could Make It Irrelevant**

European households save heavily, invest defensively and help finance American technology. The continent is paying for the AI revolution without securing its economic or strategic benefits.

[READ THE FULL ARTICLE](#)

013 · 15 September 2026

## **The Fed Does Not Fully Control Digital Money**

Stablecoin yields can ignore, delay or even reverse monetary policy. DeFi is no longer merely a crypto experiment: it is becoming a parallel monetary system with its own transmission mechanism.

[READ THE FULL ARTICLE](#)

014 · 14 September 2026

## **THE AI ARMS RACE: WHY AMERICA AND CHINA MAY NO LONGER BE ABLE TO SLOW DOWN**

AI safety is colliding with geopolitics — and geopolitics usually wins.

[READ THE FULL ARTICLE](#)

015 · 14 September 2026

## **MILEI E ISRAEL: ¿ALIANZA DE LA ARGENTINA O ALIANZA DEL PRESIDENTE?**

Seguridad, litio, inteligencia artificial, inversiones, los Acuerdos de Isaac y ahora la paradoja de Malvinas. Nunca la relación argentino-israelí había adquirido una dimensión política tan personal.

[READ THE FULL ARTICLE](#)

016 · 14 September 2026

## **THE PEOPLE BUILDING THE WORLD'S MOST POWERFUL AI ARE ASKING US TO SLOW DOWN**

When the engineers building the accelerator start asking for brakes, perhaps we should understand what they have seen.

[READ THE FULL ARTICLE](#)

017 · 13 September 2026

## **CASH HAS A MEMORY: HOW UNDECLARED AND ILLICIT MONEY TRIES TO ENTER THE GLOBAL FINANCIAL SYSTEM**

How hidden cash enters the financial system — and where legality ends.

[READ THE FULL ARTICLE](#)

018 · 12 September 2026

## **THE \$5,000 TRUMP DIVIDEND: AMERICA'S MOST EXPENSIVE POLITICAL CHECK?**

The arithmetic behind Trump's \$5,000 promise: tariffs, \$40 trillion of debt, inflation and the bill nobody puts on the check

[READ THE FULL ARTICLE](#)

021 · 11 September 2026

## **UKRAINE: THE COUNTRY THE WORLD DISCOVERED ONLY WHEN THE WAR BEGAN**

Ukraine Before the Myth: Poverty, Migration, Corruption — and Who Will Profit From the Peace

[READ THE FULL ARTICLE](#)

022 · 11 September 2026

## **UKRAINE: THE COUNTRY THE WORLD DISCOVERED ONLY WHEN THE WAR BEGAN**

Ukraine Before the Myth: Poverty, Migration, Corruption — and Who Will Profit From the Peace

[READ THE FULL ARTICLE](#)

023 · 11 September 2026

## **The Generation That Did Everything Right — And Still Cannot Afford Adulthood**

When Doing Everything Right Is No Longer Enough

[READ THE FULL ARTICLE](#)

024 · 11 September 2026

## **Britain Is Not Broke. But the Bond Market Is Starting to Ask Uncomfortable Questions**

The UK does not face an imminent debt crisis. It faces something more persistent: expensive debt, weak growth and a bond market unwilling to finance the status quo cheaply.

[READ THE FULL ARTICLE](#)

025 · 11 September 2026

## **The American Dream Is Alive. But You May Need Capital to Enter.**

America is creating more millionaires. The uncomfortable question is whether work alone still provides a credible path to wealth.

[READ THE FULL ARTICLE](#)

026 · 10 September 2026

## **Crypto Won. Except It Became the Banking System It Was Supposed to Destroy.**

Blockchain is going mainstream, stablecoins are becoming regulated money, and Wall Street is embracing tokenization. Crypto won — but perhaps not the revolution it promised.

[READ THE FULL ARTICLE](#)

027 · 10 September 2026

## **The Politics of Fear Is Really the Economics of Insecurity**

People may not be becoming irrational, intolerant or ideologically extreme. They may be becoming afraid of falling — and politics has learned how to monetize that fear.

[READ THE FULL ARTICLE](#)

028 · 10 September 2026

## **When Intelligence Becomes Capital**

OpenAI's maths breakthrough is not really a story about mathematics. It may be the beginning of an industrial revolution in the production of knowledge.

[READ THE FULL ARTICLE](#)

029 · 10 September 2026

## **THE 5% WORLD**

Governments Can Still Borrow Almost Unlimited Amounts of Money. They Just Can't Control the Price Anymore.

[READ THE FULL ARTICLE](#)

030 · 10 September 2026

## **Brazil Has Almost Everything. So Why Isn't It Richer?**

Oil. Agriculture. Minerals. Renewable Energy. 200 Million Consumers. World-Class Fintech. Brazil's Problem Is No Longer Potential. It Is the Failure to Convert Potential Into Productivity.

[READ THE FULL ARTICLE](#)

031 · 09 September 2026

## **The Country That Almost Exists: Could Guatemala, Honduras, El Salvador, Nicaragua and Costa Rica Become One State?**

Economically logical. Politically almost impossible.

[READ THE FULL ARTICLE](#)

032 · 09 September 2026

## **The New Luxury Is Not Money. It Is Time.**

The richest person in the room may not be the one with the highest income. It may be the one who can decide what to do with Tuesday afternoon.
